How Will We Ensure Just and Equitable Societies?

Questions for Discussion

1) In regard to issues of justice and equity, what are the most pressing challenges facing the state of Minnesota? The nation? The globe?

2) What are the current strengths and potential of the University to achieve unique and extraordinary impact on these challenges over the next 10 years?

3) What will take us there?
   - What gaps must be filled to realize this vision?
   - What new collaborations are vital to this effort? (outside the box, any level)

Questions by members of the Provost's Grand Challenges Research Strategies Team, October 2015
